

HOWARD AND AMY

LOGLINE

While visiting his Father's grave, Howard stumbles upon Amy, a beautiful eccentric young woman whose bizarre behavior has him seeking every opportunity to abandon her.

Synopsis

Howard, a friendly and kind young gentleman, regularly visits his diseased father's grave. During one of his visits he meets Amy who greets him with open arms.

Amy also opens her life up to Howard in ways in which he is not accustomed to. Together they embark on some zany adventures as Howard regrets meeting her.

Howard finds himself dodging fights, bikers, angry waitstaff, police, and others, while never being successful at evading Amy.

In the end Howard learns about the illness which consumes Amy's breathtaking appearance. Howard lovingly forgives Amy for the stress she has caused him. Amy, in turn, expresses her gratitude.
